Solid Surface is a unique material made from minerals and resins developed for bathroom spaces with characteristics ideal for everyday bathroom use.

INFORMATIONS

Solid Surface's great mechanical, chemical and antibacterial parameters make the products made from Solid Surface extremely resistant to impact, stains, chemical compounds and UV light. The material is perfect for everyday use and easy to care for. Any damage can be fixed easily.

Another feature of Solid Surface is the possibility to make joint less, invisible connections between bowls and countertops which means far less care is required to keep these bathroom fixtures clean.

Please notify that minimum order quantity for Solid Surface washbasins cannot be lower than 4 pieces.
