1. The warranty provisions below apply to all products manufactured by Roca Pool-Spa Sp. z o.o., further referred to in these Warranty Terms and Conditions as the "Seller".
2. The Seller warrants that the products were constructed and manufactured without defects and will operate faultlessly if used as the manufacturer's instructions.
3. The warranty shall cover all manufacturing defects or failures during the warranty period that are attributable to the manufacturer, and shall result in free repair or replacement of parts, and if it is not possible – replacement of the entire device.
4. The Seller shall provide warranty to the Buyer for the following categories of products:

PRODUCT CATEGORY	PRODUCT SURFACE	OTHER ELEMENTS
SPA products	5 years	2 years
composite products	5 years	2 years
solid surface products	5 years	2 years
acrylic products	5 years	2 years
hydro massage products	5 years	2 years
faucets	---	2 years

5. The warranty period shall start on the date of product purchase indicated on the proof of purchase.
6. The external surface of the product should be inspected by the Buyer at the place of purchase (also if the product is in the original packaging). Any later complaints about external damage filed following product collection or assembly shall not be allowed.
7. Before you start assembling the product, you must inspect it for completeness and any visible damage. The Seller shall not be liable for damages caused as a result of installation of the product with a visible defect.
8. Any product defects and damages that you notice must be reported to the Point of Purchase within 7 days from their occurrence, otherwise the warranty shall be void. If it is not possible to contact the Point of Purchase, you must notify the Seller's Service Department in writing, within the deadline indicated above.
9. Any damages to the product identified during the warranty period and not attributable to the Buyer shall be removed for free within 21 calendar days from the receipt of the damage report from the Buyer unless removal of the defect requires spare parts that may have a delivery time longer than 21 days for reasons not attributable to the Seller.
10. The Seller shall reserve its right to decide during defect removal whether parts of the product should be repaired or replaced with new parts. Defective (replaced) parts shall become the property of the Seller.
11. The product should be installed in a manner that enables convenient service access. Convenient service access must enable removal (for repair or replacement) of the product without generating additional costs (of material or labour) related to the product or other interior or building components into which the product was permanently embedded. The Seller shall not cover the costs (of materials or labour) associated to the removal of the claimed product.
12. Costs of unjustified complaint, in particular the costs of transport and labour shall be calculated on the basis of the Seller's price list applicable for maintenance service, inspections, examinations and expert opinions and shall be covered by the Buyer.
13. Warranty repairs shall not include activities performed normally during product use such as regular maintenance, decalcification, cleaning, which must be performed by the user at their own expense.
14. After the expiry of the warranty period, the Seller shall provide payable post-warranty service.
15. This warranty shall not exclude, limit or withhold the Buyer's rights arising from non-conformity of the product with the agreement.
16. For hydro massage tubs, for the warranty to be valid, the tubs must be installed by an installer with electric qualification certificate.
17. The warranty shall not apply to products sold at a discount.
18. The Buyer's warranty shall be voided if:
 - non-original parts are used,
 - the product is not used as intended
 - additional devices are mounted on the product
 - in the case of damage caused when making holes for faucets
 - in the case of mechanical damage, e.g. strike, chipping, scratching (including fittings)
 - damage caused by water impurity, scale deposits or lack of filters for mechanical impurities
 - non-compliance with the rules for operation, handling and maintenance included in product manuals
 - repairs or conversions performed by persons who were not authorised to do so by the Seller.
19. The Seller shall not be liable for any damages to individuals or assets that may be caused by any of the reasons referred to in item 18.

The brand you can trust!

DEVELOPMENT FOR CUSTOMERS BENEFIT

As the forerunner of the wellness idea, POOLSPA is the market leader among the manufacturers of luxury hydro-massage devices. It owes this top position to many years of experience as well as constant search for innovative solutions that would provide its Customers with better health, beauty and physical and mental state.

POLISH MANUFACTURER - GLOBAL POWER

POOLSPA products are made in Poland where the company located one of the most modern plants in this business. Therefore the customers can be serviced promptly and they can rely on the delivery of the ordered goods and their parts on time as well as on reasonable prices and the European quality level.

INNOVATIVE TECHNOLOGIES

Offered under the POOLSPA brand, modern products, made in composite and conglomerate technology open up new possibilities for the interior design of bathrooms and bathing rooms. The combination of all the features of modern design and unique material created for bathroom spaces is ideal for everyday use.

TOP QUALITY ACRYLIC

POOLSPA products are the choice for years. The application of top quality sanitary acrylic makes the products long lasting and all models perfect finishing together with the thorough material quality control during the technological process help to ensure a long guarantee time for each item. Touching any POOLSPA bath feels smooth, warm and pleasant and its colour is intense and durable.

COMPONENTS FROM REPUTED SUPPLIERS

All the devices bearing POOLSPA logo combine a sophisticated design with the highest functional values. They are all made with a special care even about the tiniest detail with regard to both, their aesthetic look and their reliability. There is no place left for any quality compromise - the company's suppliers are the leading world-wide bath components manufacturers.
